

Enterprise Residency (ER) programme framework 2021/22

The Enterprise Team provides a full consultancy service to academics to help them assess the suitability of the Enterprise Residency as a work experience option for their students.

STEP 1

Lead academic (LA) contacts the Enterprise Adviser (EA).

STEP 2

Following the initial enquiry, the EA will arrange a consultation with the LA.

STEP 3

The EA and the LA will jointly agree the ER timeline and how the students will be supported* throughout the programme.

STEP 4

The LA will host an ER **introduction, facilitated by the EA.**

STEP 5

Students to register via shuenterprise.co.uk and complete a **skills audit**. The website will outline the ER and provide **access to a range of useful resources.**

STEP 6

The LA will host an **ideas generation workshop, facilitated by the EA.**

STEP 7

Residency starts. **Students are required to attend our live workshops** (recorded content is available). **The LA is responsible for assessment.**

STEP 8

Students complete an **exit evaluation, case study and skills audit** via shuenterprise.co.uk. EA to debrief with LA. This needs to be presented to the student as integral to assessment.

- * 1. The Enterprise Team are unable to support with assessment-related enquiries.
2. We will offer a midway touchpoint in the form of a single (or double, depending on cohort size) student pitch session where we will provide live feedback.
